

Which Airlines and Cities Offer the Best Deals on Airfare?

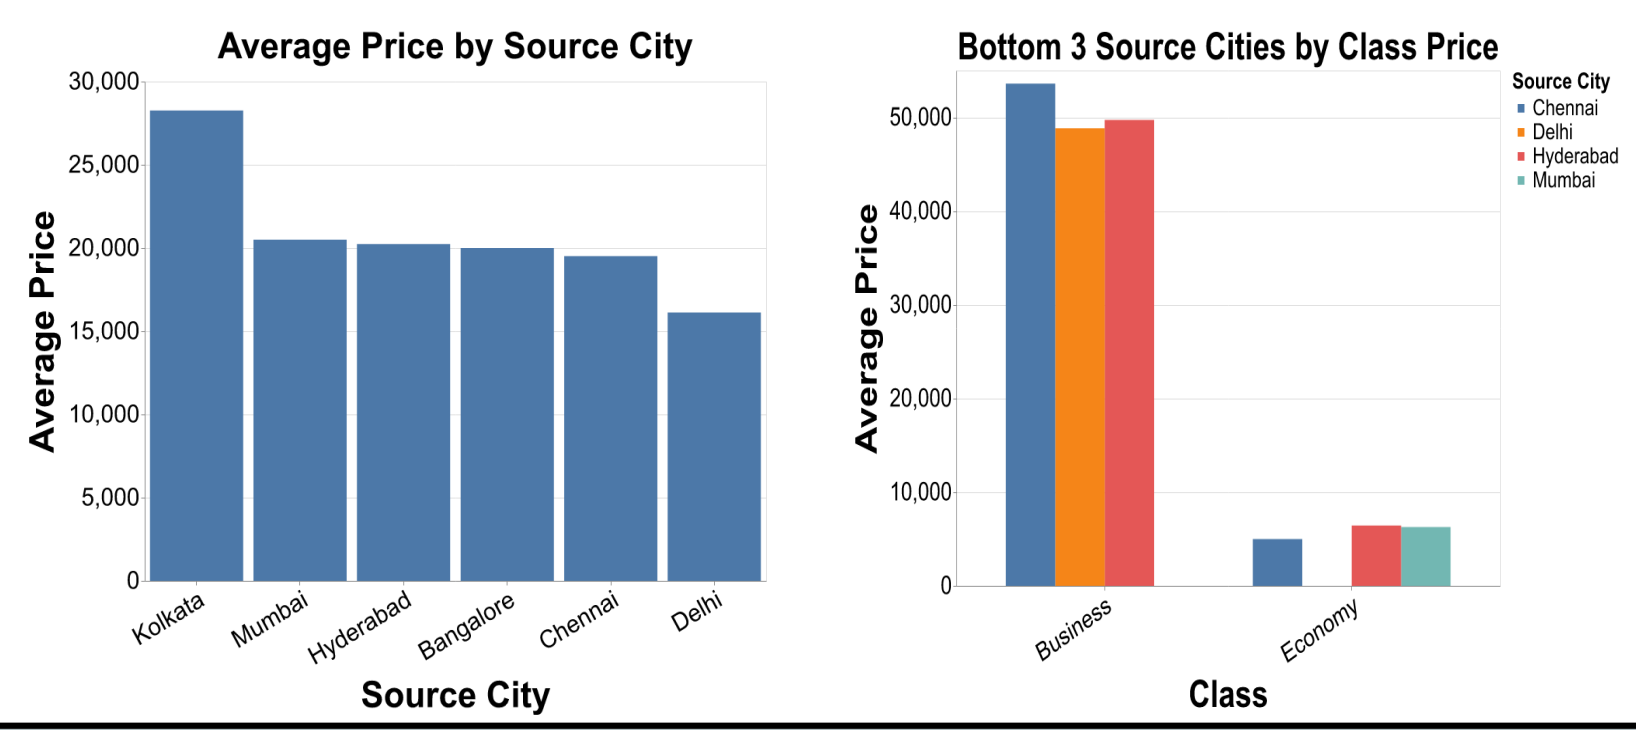

INTRODUCTION

Airline ticket prices vary widely, with Vistara being the most expensive. This poster analyzes average prices by airline, source city, and class. It highlights pricing patterns for budget airlines and different cities.

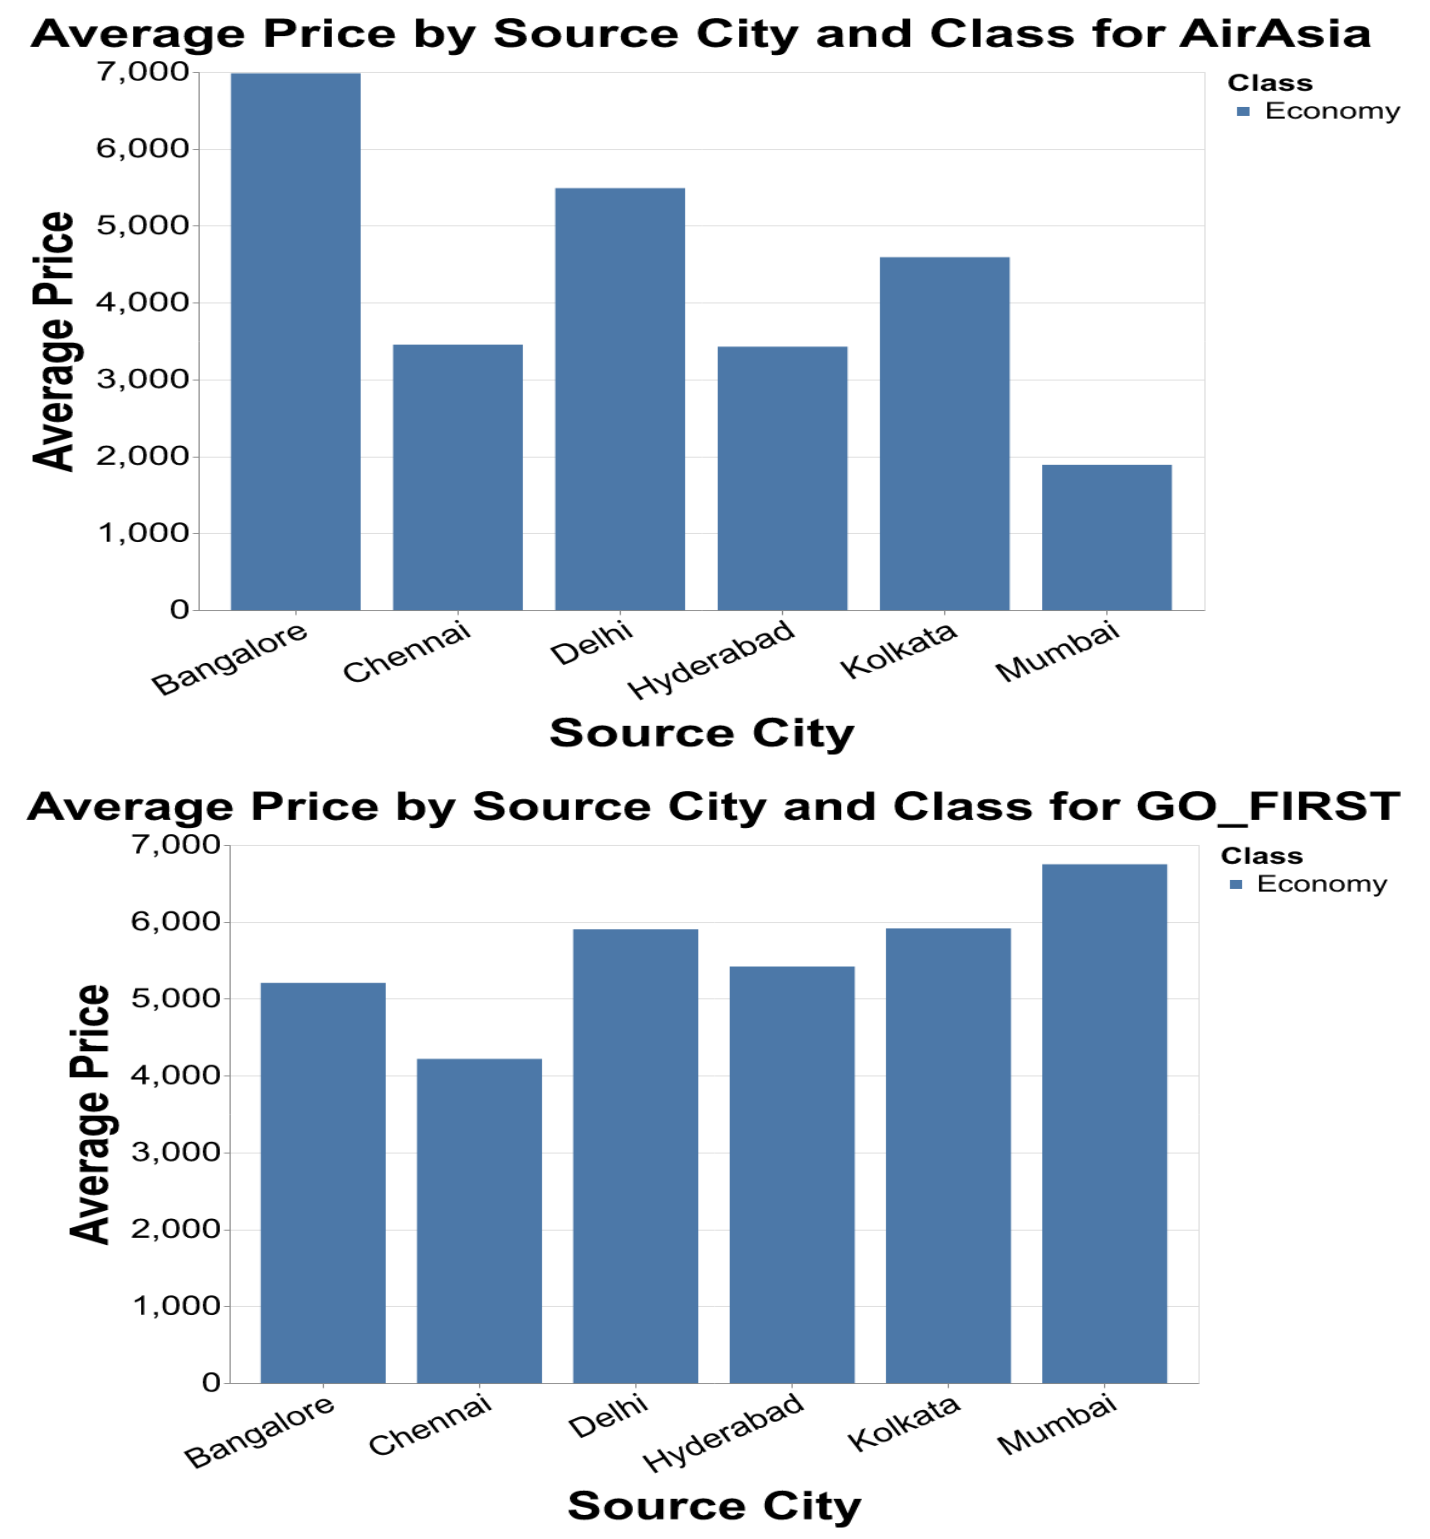

01 Airline prices vary overall, with detailed class prices for the lowest three airlines.

02 Source city prices differ, highlighting the lowest three cities by class price.

03 Class prices detailed by source city for the highest and lowest airlines.

CONCLUSION

Airline ticket prices show significant variation across different carriers and classes. Vistara consistently ranks as the most expensive airline for travelers. Source cities influence prices, with some cities offering notably lower class fares. Budget airlines and city-specific pricing patterns reveal opportunities for cost-conscious travelers.
